8. [] Talked with Representative William Bates by way of follow up to our earlier conversations concerning [] I informed the Congressman that since our contract with [] had been terminated, the matter of [] security clearance had resolved itself. I did indicate, however, that the Army might still have problems with this and he might wish to consult the Pentagon. Mr. Bates thanked me for this information.

9. [] Talked with Mrs. Stephens, Senator George Aiken's office (R., Vt.), concerning the Senator's strong interest in an applicant. [] CTP candidate, was informed by letter dated 25 August 1965 that he had not made the program but we were reviewing his application to see if a suitable vacancy was available. Advised Mrs. Stephens that final decision not yet made. Gave Mrs. Stephens a run-down on our communication between [] and ourselves, and she seemed perfectly satisfied with the processing of the case. She said she would talk to the Senator about it and thanked us very much for our prompt response to their inquiry. No other suitable vacancy exists for [] but letter advising him has not gone out as of this date. Senator Aiken should be advised of final disposition.

10. [] Talked with Mr. C. William Kontos, Director, Office of Personnel Administration, AID, concerning his testimony before the House Labor Committee on FECA dollar limitations. Mr. Kontos said they would not submit draft language to remove the dollar maximum for those employees serving under hazardous conditions as suggested by Congressman Roman Pucinski (D., Ill.). They are, however, submitting for the record language which could be used to identify employees falling in "hazardous duty situations" as requested by Congressman Pucinski. Mr. Kontos said he would send this language to us for our information, for which I thanked him.

11. [] Talked with Mr. Herbert N. Jasper, Office of Legislative Reference, EOB, concerning our legislative proposal on annuity adjustments. He said he didn't see any problem in clearing the proposal since it would require a minimum of outside coordination, if any.

and said the only problem would be the reluctance to change any retirement systems until the Cabinet Committee on Federal Retirement Systems completes its study and submits its recommendations on 1 December 1965. Mr. Jasper did agree, however, that we were not suggesting a radical change but merely coming into phase with recent Administration policy. He said he would call us if any problem developed, and I thanked him for any expeditious consideration they can give.

12. [] Delivered to Congressman Philip J. Philbin's office (D., Mass.) letter explaining Agency policy on reimbursement of travel expenses relating to travel expenses incurred by overseas employees on emergency leave. Had earlier explained to the Congressman's administrative assistant, Mr. Clifford Gaucher, that because of [] employment status we would answer the inquiry in general terms and not acknowledge the subject as our employee, which fact he appreciated.

13. [] Mr. Robert Shafer, Administrative Assistant to Congressman Alvin O'Konski, called to find out the membership of the President's Foreign Intelligence Advisory Board and the number of times they had met in the last year. After checking with Mr. Brosa's office, gave Mr. Shafer this information, saying that there were four meetings.

I told Mr. Lucey that tomorrow we would probably be getting in touch with Mr. Stephen Schott, Staff Assistant, State Department, to inform them of the outcome of the meeting with the Subcommittee staff members in response to Mr. Schott's earlier request on this matter.

15. (Internal Use Only - LLM) Mr. Paul Zurkowski, Legislative Assistant to Representative Robertastenmeier (D., Wis.), called to say that the Congressman is considering the invitation to meet with the Director and said that the Congressman would like to have some background material on the Agency as previously suggested. This will be sent over.
